VIA: Acting Chief, Liaison Division/OLL

FROM: [redacted] STAT

SUBJECT: GAO Report OCG-84-1: Comparison of Retirement Benefits for W.R. Grace & Company and Civil Service Employees (12 June 1984)

1. Attached hereto is the subject report. It was requested by the House Post Office and Civil Service Committee.

2. The General Accounting Office compares the first year and lifetime benefits that would be paid to four categories of Grace Company and Federal employees, retiring with the same age, years of service, and salary characteristics. The GAO concludes that the Grace retirement program offers potentially greater benefits than Civil Service for most Federal employees while others could receive greater benefits from CSRS.
